

LobiBox

LobiBox for GATED COMMUNITIES

A cost-effective solution to provide your residents with simple access, visitor management, and a safe, secure neighborhood.

Gated Community Intercom Benefits

- Scheduled guests can access the community without needing a key card by using a self-expiring QR code
- Video Intercom connects directly to resident's smartphone for a one-way video call
- The Mobile App allows residents and staff to talk with and grant access to guests remotely from anywhere

Improve security in your community

- Video intercom reduces unwarranted guests by allowing tenants and staff to visually screen visitors
- Easily manage all tenants permissions and monitor all locations through a central dashboard

Control access through your front gate

- Residents and staff can access the community with a card swipe or with a tap in the mobile app
- Administrators receive event logs of all transactions with images and video recordings

Manage visitors more efficiently

- Residents can schedule their guests with virtual key codes that automatically expire
- Schedule staff, vendors, mail couriers, and contractors
