LobiBox

YOUR ACCESS IS GRANTED!

LobiFEATURES

VIDEO INTERCOM
One-Way Video Intercom Entry

Visitors can connect to Members and request access to the facility utilizing one-way video chat. Members can grant or deny access with a single touch.

Visual Verification of Visitors Before Entry

ACCESS CONTROL
Grant Access From Anywhere

LobiBox contains an internal access card reader that allows members to gain access. LobiBox can be stand-alone or work with your existing access control system.

Ease of Access for Your Members

MOBILE ACCESSIBILITY
iOS & Android Mobile App

The LobiBox mobile app allows Members to video chat with Visitors before granting access, create temporary visitor entry codes, and view activity history.

Security and Safety At Your Fingertips

VISITOR SCHEDULING
Scan-To-Enter Guest Access

Members can request a Visitor Code for visitors using the LobiBox app. These randomly generated codes have expiration dates and are texted direct to the visitor.

Stop Issuing Visitor Access Cards

LOBICOM
Central Security Dashboard

A Central Security/Reception Dashboard that allows you to video chat with visitors, monitor units in real-time, lock and unlock doors, and provide complete control.

*Control Multiple Facilities On A Single Screen*

What Is LobiBox?

LobiBox is a Visitor Unit that is placed at the entry of your facility to provide a layer of security and safety from active threats or unknown visitors.
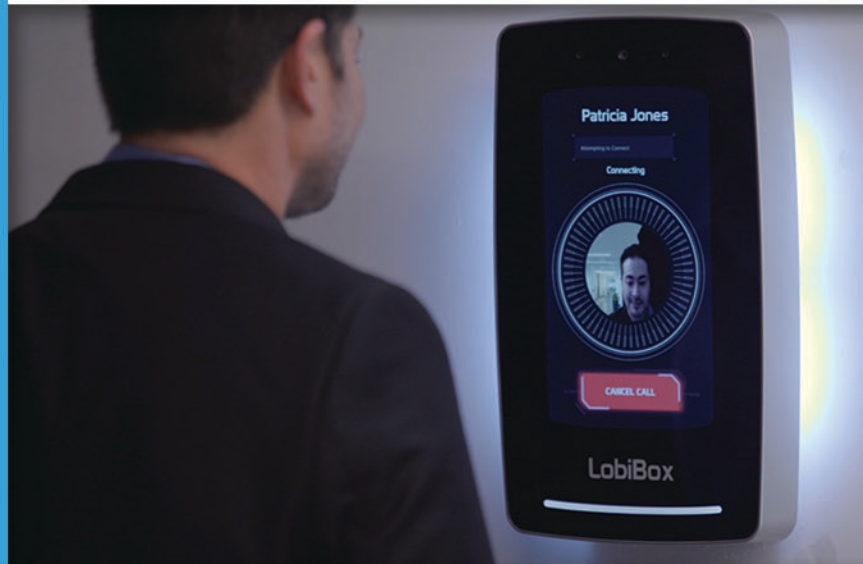

LobiBox Is Perfect For:

- ✅ Multi-Tenant Residential
- ✅ Commercial Office Buildings
- ✅ Business Suites
- ✅ Gated Communities
- ✅ Government Buildings

How LobiBox Works

LobiBox is an access control and visitor management system that elevates security and ease of access for any residential or commecial property. When the LobiBox system verifies the access method (Visitor Code, RFID Card Reader, Mobile App or Video Intercom), the system unlocks the door/gate automatically. LobiBox will record the entry attempt, as well as capture image of person uses the one-way video call feature.

Physical

Dimensions:	17" H x 10.5" W x 4" D
